

YASHARTH SHARMA

Pasionate web developer

About Me

Second-year B.Tech CSE student specialising in Blockchain Technology at SRM University, Chennai. Passionate about software development, frontend engineering, emerging technologies, and problem-solving. I have hands-on experience working on academic projects, hackathon prototypes, and web-based applications, with a growing focus on building practical, user-friendly, and impactful digital solutions. Eager to learn, collaborate, and contribute to real-world projects while continuously strengthening my technical and analytical skills.
